Drawings

1. The drawings are objected to under 37 CFR 1.83(a). The drawings must show every feature of the invention specified in the claims. Therefore, the equipment for reception, single-carrier equipment, and means for scheduling must be shown or the feature(s) canceled from the claim(s). No new matter should be entered.

Corrected drawing sheets in compliance with 37 CFR 1.121(d) are required in reply to the Office action to avoid abandonment of the application. Any amended replacement drawing sheet should include all of the figures appearing on the immediate prior version of the sheet, even if only one figure is being amended. The figure or figure number of an amended drawing should not be labeled as "amended." If a drawing figure is to be canceled, the appropriate figure must be removed from the replacement sheet, and where necessary, the remaining figures must be renumbered and appropriate changes made to the brief description of the several views of the drawings for consistency. Additional replacement sheets may be necessary to show the renumbering of the remaining figures. Each drawing sheet submitted after the filing date of an application must be labeled in the top margin as either "Replacement Sheet" or "New Sheet" pursuant to 37 CFR 1.121(d). If the changes are not accepted by the examiner, the applicant will be notified and informed of any required corrective action in the next Office action. The objection to the drawings will not be held in abeyance.

Claim Objections

2. Claim 1-4 are objected to because of the following informalities:

Regarding claim 1, on line 2, it is suggested that " the central unit" be inserted before the word "*additionally*". On line 6, it is suggested to replace the comma after word "*wave*" with a semicolon. On line 8, it is suggested to replace the comma after word "*designed*" with a semicolon.

Regarding claim 2, on line 16, it is suggested that "*A Central Unit*" should be replaced with "*The Central Unit*".

Regarding claim 3, on line 2, it is suggested that word "*in*" should be deleted. On line 3, it is suggested that word "*preferably*" should be deleted

Regarding claim 4, on line 30, it is suggested that "Single-carrier" should be replaced with "*The Single-carrier*".

Appropriate corrections are required.

Claim Rejections - 35 USC § 112

3. The following is a quotation of the second paragraph of 35 U.S.C. 112:

The specification shall conclude with one or more claims particularly pointing out and distinctly claiming the subject matter which the applicant regards as his invention.

4. Claims 1-4 are rejected under 35 U.S.C. 112, second paragraph, as being indefinite for failing to particularly point out and distinctly claim the subject matter which applicant regards as the invention.

Claims 1-4 contain numerous unclear recitations apparently resulting from translation. The intended limitations of these claims cannot be distinguished with accuracy. For example, in claim 1, is the single-carrier-equipment of line 4 the same as the equipment for reception of line 3. The relation between the frame of line 11 and the carrier waves of line 2 is not clear from the claim language; thus, it is not known if the

frame is transmitted on a single carrier wave or a multi-carrier wave. The interaction between single-carrier equipment in line 8-10 is unclear from the claim language; thus, it is not known what type of interaction exist between single carrier equipment to schedule the transmission. Applicant is advised to carefully review the claim for full compliance with 35 U.S.C. 112, second paragraph.

Allowable Subject Matter

5. Claims 1-4 would be allowable if rewritten or amended to overcome the rejection(s) under 35 U.S.C. 112, 2nd paragraph, set forth in this Office action.
